## Financial Commitment Agreement Form

There are two types of financial commitments required of competitive team gymnastics families. The first is the monthly training fee that is due on the first of each month and covers all team practices, instruction and team gatherings. The second is the competition account (comp. account) that consists of every expense associated with participating on a travelling competitive gymnastics team. Each team's expenses vary and are due in installments prior to the beginning of the competitive season. These installments are due on the 15<sup>th</sup> of each month.

### Monthly Tuition/Training Fees

Level 3: 6-8 hrs/wk	\$175
Level 4: 9-10 hrs/wk	\$210
Levels 7-10: 12-16 hrs/wk	\$240

\*\*Monthly tuition is due on the first of each month. A \$10 late fee will be charged on all accounts with outstanding balances. Please see Auto-withdrawal Form for auto-draft of monthly tuition and/or comp. account installments.

### Concerning Competition Accounts

Helena Athletic Club, Inc. (HAC) will order and pay for items listed in the team budget for all members of the HAC gymnastics teams. Due to the nature of such large orders HAC will often pay ahead, or above and beyond what each family has already contributed to their team account. It is extremely important that each family makes timely payments and understands the consequences of delinquency. Unpaid competition accounts may be subject to an interest charge up to 10% of the delinquent balance. A delinquent account may also be turned over to a collection agency and the child's membership suspended or terminated.

If at any point during the season your child leaves or is dismissed from the team you will only be responsible for payment/fees due on or before the date of departure. ***An injured or suspended athlete may still be responsible for all comp. account payments whether she participates in said activities, camps or competitions. Sickness, vacation or other absences do not constitute a proration of fees, training or otherwise.***

### Team Budget and Expenses

Each family also has a competition account, or "comp. account" with HAC that the family is responsible for according to the due dates outlined in the installment schedule. The table below shows the costs that are associated with a competitive team gymnastics. Although it is a substantial expense for the season there are many individual fundraising opportunities through the HAC and the Capital City Gymnastics Booster Club. Participation in fundraising events are at your discretion only and the portion of the funds raised by your family during each event goes directly to your competition account. Monies fundraised above and beyond the comp. account fees can be applied to the monthly tuition for team members. Often, there are families who completely pay off their accounts prior to the start of the season through the summer raffle and cookie dough. Don't hesitate to visit with the office manager, head coach or current team families regarding the various options available for assistance with this account.

Some fundraisers already planned for the season and their tentative timeframe:

Cookie Dough Sale (August-September)  
 Wreath Sales (October-November)

Participation in these events is optional but highly encouraged. Meeting and getting to know the fellow gymnastics families is great support to your daughter’s membership on the team. These events are positive team building opportunities for both the athletes and parents. Often, friendships among families continue beyond gym activities or competitions.

**Team Expenses (Comp. Account):**

Jan. 15	\$ 155.00	\$ 220.00
<b>TOTAL</b>	<b>\$ 805.00</b>	<b>\$ 1,160.00</b>

Note that the only competition expense covered by the competition account is the athlete’s entry and coaches’ fees. Athlete/parent/family travel and accommodations will be an added expense for each family. Parents are not required to attend competitions. Coaches and plenty of parents attend each event, competition or activity and there is more than enough adult supervision in the case you cannot accompany your athlete. Travel costs for family members are not included in the competition account.
